"The purchase of OAS Pre-Paid Hours ensures we get the most competitive rates and saves our accounts department valuable time, as they don't need to process smaller individual invoices"

Stephen Morrissey,
Managing Director, Falk Australia Pty Ltd -
A Rexnord Company

PRE-PAID HOURS

Offering our partner clients a method of streamlining service delivery costs.

OAS Computers is one of Newcastle and the Hunter Region's leading providers of information technology products and services.

Our Technical Department has a large team of service engineers; suitably qualified and equipped to resolve most network and computer related problems.

Our Technical Team is coordinated by our Technical Administrator, whose mission is to ensure that our customers needs are met, on time and on budget.

In response to our customers' needs, we have developed a method of pre-purchasing a block of labour to assist in reducing the administration costs of smaller invoice amounts and are offered at reduced rates for larger blocks of hours purchased.

Block Hours can be used for service work and reconciliation can be reported monthly.

Service Rates

OAS has the following service rate schedule for Block Hours

Rate description	Applies	Rate
Block 40	Rate for 20-40 hrs	\$130 p/hr
Block 100	Rate for 50-100 hrs	\$120 p/hr

*Pricing excludes GST.
Not available for use with new system installations*
